Date Submitted: October 11, 2022

Dear Kingdom East School District:

Under the Vermont Public Records Law, §315 et seq., I am requesting an opportunity to inspect or obtain copies of public records that contain any evidence the school district has used to determine that the use of face masks are safe for any age student, including students with special health needs, for both short and prolonged periods of time.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the supervisory union's process for considering policies and procedures related to the use of masks in community school settings. This information is not being sought for commercial purposes.

The law requires a response to this request within 2 days, or within 10 days for extraordinary circumstances. If you expect a significant delay in fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Sincerely,  
Amy Hornblas
